

The Rotary Club of Nelson West may just be the organisation for you!

We are a group of local business people either working in our own business, or for someone else, who meet every Wednesday evening at the Nelson Contract Bridge Club rooms in Haven Road. We share time together, make new contacts, listen to a range of interesting guest speakers, arrange community support projects, and have fun.

We share a common belief that collectively we can improve our community and have some fun doing it while extending our own horizons and experiences.

Does this sound like you?

If so, we would love to hear from you.
